

Rolly®
Alu

Double Folding Step

- Double-sided aluminum folding step with "Roll/Stop Automatic" and large top platform measuring 200 x 350 mm
- Under load, the rollers sink into the rails and ensure a safe foothold
- With a simple „kick“ you can move the Rolly where you want it to be
- Multiple riveted robust step/rail joints
- Easy handling due to its lightweight design and the space-saving storage feature
- Available in yellow, blue and aluminum
