

## Rope Operated Three-Piece Extension Ladder

- Three-piece aluminum rung ladder for working at high working heights
- Two ropes enable rung-by-rung adjustment of the middle and upper ladder parts
- Wall castors protect wall during extension or retraction of ladder
- Self-locking hooks from rung to rung prevent the accidental sliding-down of the upper ladder part
- Guides and fittings made of high-alloy aluminium or galvanized steel
- Guide fittings with integrated sliding parts around the rails ensure high stability and easy operation
