Aluminium platform scaffold

- + The ideal scaffold for large-scale assembly and renovation works
- + The extra large platform offers a lot of space for material, tools and staff (approx. 3.6 m²) and can be height-adjusted in spacings of 25 cm
- + The platform is made of weatherproof and anti-slip phenolic resin impregnated plywood
- + Can be assembled quickly and without the use of any tools due to its few single parts and its force-fit and form-fit crimp connections
- + 8 braked castors
- + Can also be set up as 2 separated folding scaffolds

For safe assembly please consider the instruction shown in the manual.
