

STABILO® Professional

Platform ladder, unilaterally ascendable

Lightweight construction made of aluminium profiles with a high tensile strength

- + Narrow shaped and perfect to work close to shelves
- + 600 x 700 mm aluminium platform with profiled surface
- + Three-sided platform railing 1 m high, Ø 40 mm, with integrated knee rails
- + Hand rail merges seamlessly into platform rail for additional safety
- + 4 self-locking castors (Ø 125 mm), 2 are equipped with arrestors for comfortable movement and safety while in use
- + Delivered in pre-assembled modules

According to the guideline BGI 637, platforms that are higher than 1.00 m have to be equipped with hand rails on both sides. Please order hand rails accordingly and separately as accessories.
