

Chimney sweeper ladder

This aluminium ladder for chimney cleaning can also be left permanently on a roof.

- + Aluminium side rails and rungs
- + Semi-circled heavy profiled rungs
- + The semi-circle shaped rungs make this ladder suitable for use on roofs with different roof pitches
- + The 90 mm high side rail ensures that there is always a minimum distance of 60 mm between the rungs and the top of the roof
- + Extendable by connecting plates

If permanently left on a roof, we recommend to secure each roof hook of the ladder with one safety lock, article no. 804525.

Number of rungs		7	10	14
Ladder length approx.	in m	1.95	2.80	3.95
Ladder width approx.	in m	0.33	0.33	0.33
