

Window cleaner's ladder

Easy to store sectional aluminium ladder for working at different height levels

- + The top section of the ladder is equipped with a non-abrasive rubber pad with a wedged end
- + Heavy-duty plug-in connections with a locking device
- + The bottom section of the ladder is fitted with a wide stabiliser and anti-slip foot caps

The maximum standing height for this ladder is 7 m above ground (in accordance with German regulation BGV C22 construction work). The maximum height of this ladder is: 1 + 2 + 2 + 3 (= maximum ladder length, see illustration)

Max. loading capacity of the quadripartite set is 100 kg.

Number of rungs		13	18	23
Ladder sets		2-section set	3-section set	4-section set
1	A up to approx. in m	4.70	6.05	7.40
	B approx. in m	2.70	4.05	5.40
2	C approx. in m	4.30	5.70	7.10
	D approx. in m	4.15	5.50	6.85
Ladder width top/bottom		in mm 140/900	140/900	140/900
Product weight approx.		in kg 11	15	19
